I'm trying so hard to convey this, In a world where
love's so ill-fated,
And you bare your soul with such ease.
Feel a shock when my eyes lay upon you, It shakes my
whole world just to touch you
It's more than words, it's what I breathe.

The roof could fall my world could crumble it'd be
worth it all,
Like a roman soldier lost in war, I'm not scared of what
is destined
'Cause you're my heaven

I've traveled this land like a vagabond, faking a smile
during every song.
I dream of lying awake, just to hear you breathe.
If this stage beneath my feet collapses,
If this room burns down and all that's left is ashes
Tell the world not to mourn me, I'm right where I should
be.
And I gave all I got to give 'em.

The roof could fall my world could crumble it'd be
worth it all,
Like a roman soldier lost in war, I'm not scared of what
is destined
If fire rains, a bolt of lightning sends me to my grave,
I'd gladly take that hit my soul is saved.
I'd do it all without a question.
'Cause you're my heaven.

I'm not giving up, I'll still fight to live and to love by your
side.
With you I'm alive.

The roof could fall my world could crumble it'd be
worth it all,
Like a roman soldier lost in war, I'm not scared of what
is destined
If fire rains, a bolt of lightning sends me to my grave,
I'd gladly take that hit my soul is saved.

I'd do it all without a question.
'Cause you're my heaven.
