And the fighting and the robbing induce slavery
A decision, a descention into insanity

Oh no!!!
Some people live illegal - What you got you can't keep
here
Oh no!!!
Some people live illegal - All their lives led in evil

Humility will hold you and never let you go
To all my friends well, much gratitude
And to all the wicked, I've got my eyes on you
And everyone stands in confusion

Oh no!!!
Some people live illegal - What you got you can't keep
here
Oh no!!!
Some people live illegal - All their lives led in evil

(To do the job, you've got to prepare yourself to die..
die... die...)

Put 'em up, put 'em in, run 'em out, run quicker
Cool to the breath, G, quicker than liquor
Quicker than any motherfucker that I know
Rack 'em up and stomp 'em wherever he will go
Rancid blank, I'm a blast it
Blasted lyrics everlasted
With a 12 gauge double barrel lyric gun
Shoot 'em up free and smack down

(Go... go ... go)

Reconcile with the culturalist
Proclamation to the nihilist
Down to the propagandist
Take me off of that fucking list

Open the jails and set the men free
Well the devils and witches are looming on me

And the fighting and the robbing induce slavery
A decision of dissension into insanity

Oh no!!!
Some people live illegal - What you got you can't keep
here
Oh no!!!
Some people live illegal - All their lives led in evil

(Go... go... go...)

Oh no!!!
Some people live illegal - What you got you can't keep
here
Oh no!!!
Some people live illegal - All their lives led in evil
