"If The Kids Are United"

For once in my life I've got something to say
I wanna say it now cause now is today
A love has been given to grab and enjoy
So let's all grab and let's all enjoy
If the kids are united they will never be divided
If the kids are united they will never be divided
Just take a look around you
What do you see ?
Kids with feelings like you and me
You understand him, he'll understand you
For you are him, and he is you
If the kids are united they will never be divided
If the kids are united they will never be divided
I don't want to be rejected
I don't want to be an unknown
As long as we stand together
Well it will just be the start
If the kids are united they will never be divided [8x]
