And I know, I?m indestructible  
And I know, I?m indestructible  
Tonight!

Break down! Caught tell me it's not true  
It?s a shakedown! Come on tell me who are you  
It?s so fake now, everything I see right through  
I?m ashamed now, to say I ever know you

See the greater minions make a move on their feet  
Kill them anywhere from here even from the head  
Girls that seem so hot and I?m just sitting here  
laughing  
I?m gonna keep going up, I can?t get distracted

And I know, I?m indestructible  
And I know, I?m indestructible  
Tonight!

Lay back! Why can't you all come and save me  
And you will never betray me  
And I?ll give back everything that you gave me  
And I know that no one can never ever contain me

And I, walking I walk down to some American  
consumer, nah  
And I?m dancing now to a whole different drummer  
And I keep listening to the great Joe Strummer  
Cause through music, we can live forever

And I know, I?m indestructible  
And I know, I?m indestructible  
Tonight!
