Like the rose that blooms in the wintertime
As it reaches up through the snow
The more life keeps apart
The more love will grow
Like the seed that grows in the darkness
As it reaches up to the sun
I will always reach out for you
'Cos you are the one

CHORUS

I bless the wings that bring you
back across the shore
If I could touch you now my darling
And love you just once more
If I could hold you, hold you, hold you,
I know you'd understand,
I know you'd understand.

As I cross the bridge by the waterfall
As I make my way by the stars
There's a shadow walking beside me here in my heart
Like the restless wind in the tree tops
Like a whispered voice in my ear
I will always be there for you
I'll always be here.

CHORUS

In a far off wonderland
that flashes past my eyes
The kiss of inspiration that was mine
The dust of many centuries has blown across this land
But love will not be scattered like the sand

Like the sunrise over the mountainside
Like the bird that has to be free
There's a part of you that will always be
part of me
Like the seed that grows in the darkness
As it reaches up to the sun

I will always reach out for you
'Cos you are the one.

CHORUS
