(Justin Hayward)

The harder I try
Seems the further I fall
The deeper my love seems to be
And I know that I
Never doubted at all
That someone was waiting for me
Then out of the blue
It was over
And how did you think I would survive

Cos it's cold outside
Yes it's cold outside of your heart
Yes it's cold outside
Yes it's cold outside of your heart
I never thought it could happen to me
Like the one that gets you
That you just don't see
And now I don't want to be free
I thought it was always to be
That someone was waiting for me

The longer the shadows
Become in my life
The colder the breeze seems to be
The days roll on by
Still I can't quite believe
That someone's not waiting for me

The flame of desire
Is still burning
The warmth of your body close to mine

Cos it's cold outside
Yes it's cold outside of your heart
Yes it's cold outside
Yes it's cold outside of your heart
It's a big world to face all alone
And I'm begging you now just to come on home
Cos I, I don't want to be free

I thought it was always to be
That someone was waiting for me
You know that it's you that I need
You see I refuse to believe
That someone's not waiting for me
