I've been thinking
The way people do
'Bout the things that matter
To me and you
I've decided
To do what I can
And to find the kind of man
I really am
I can see the world from here
And it sometimes makes me
Want to disappear
Back to nature
That's where we belong
And with just one truth I've found
You can't go wrong
Wherever you go
Whatever you do
Whatever you say
Say, say, say
Say it with love.

I remember
A long time ago
When I heard those guitars
That I worship so
I was captured
I wanted to stay
And to hear that kind of music
Everyday
Heard the songs
Around the world
Saw the smiling faces
On the boys and girls
I was destined
To play come what may
And there's just one thing
I knew I had to say
Wherever you go
Whatever you do
Whatever you say
Say, say, say

Say it with love.

Underneath
A sea of doubt
There's a million voices shouting
Let me out, let me out
When we go
We never return
'Cos there's just one lesson
That we got to learn
Wherever you go
Whatever you do
Whatever you say
Say, say, say
Say it with love
Say it with love
Say it with love
Say it with love
Say it with love.
