Long time ago, back in the mist of time  
Back when the crystal waters flowed  
There was a world  
So strange and so beautiful  
All life would flourish and would grow

Years went by, time just fell away  
Love was worshiped like the sun  
But as we arrive at the house of the water sign  
We're living in strange times

Strange times  
Strange times

What do we need  
What do we hunger for  
Who holds the secrets, who will know

Temples of greed  
In ruins on the river bed  
Wastelands that lived before the snow

Time stands still  
As we race through the universe  
On our way to the sun  
And as we arrive at the house of the water sign  
We're living in strange times

Strange times,  
Strange times

It's you and I forever  
We won't be afraid  
Even if the stars are falling down, down, down, down,  
down

Falling down

Time stands still as we race through the universe  
On our way to the sun  
And as we arrive at the house of the water sign

We're living in strange times

Strange times,  
Strange times  
[repeat]
