The day we meet again
I'll be waiting there
I'll be waiting there for you
Cos the years have been so lonely
Like a dog without a home
It's dangerous when you find out
You've been drinking on your own

The day we meet again
We will walk in peace
Thru the garden down the road
Where the mist of time is lifting
See it rising in the air
Like the shadow I was chasing
When I looked it wasn't there
Oh no

But just in case you're wondering
What was really on my mind
It wasn't what you took my love
It's what you left behind

And just in case you're wondering
Will it really be the same
You know we're only living for
The day we meet again

So hold on - and don't let go
Time heals - you know - I know

The day we meet again
I'll be waiting there
I'll be waiting there for you
Cos the years have been so lonely
Like a dog without a home
It's dangerous when you find out
You've been drinking on your own

The day we meet again
We will walk in peace
Thru the garden down the road

Where the mist of time is lifting
See it rising in the air
Like the shadow I was chasing
When I looked it wasn't there
Hold on baby don't let go
