Yeah! Are you ready for this? I told you he was coming.  
GO!

These bands call anywhere living in '66  
I made so many mistakes when I look back, it makes  
me sick

Those days are dead and gone and they ain't ever  
coming back  
Those days are dead and gone and they ain't ever  
coming back

I realize that in life it ain't free  
I got so many troubles, it brings me to my knees  
Those days are dead and gone and they ain't ever  
coming back  
Those days are dead and gone and they ain't ever  
coming back
