She gonna go
She gonna seek and destroy
She gonna split
With the whole damn scene
Make a run, cause some rebellion
Hustle some cash with the danger eyes
[repeat]

Danger eyes
(I know)
Danger eyes
(she go)
Danger eyes
(she's got danger eyes)
Danger eyes
(I know)
Danger eyes
(she's got the danger eye)

Well an eminent threat, boy loose in the corner
Let's start over, stay clean she said
Ideology is the ??
??? psychobillys
?? through over there
Scandalous, victorious is no longer ??
Odds are only to her dismay
Raise up ????

She gonna go
She gonna seek and destroy
She gonna split
With the whole damn scene
Make a run, cause some rebellion
Hustle some cash with the danger eyes

??? it's a whole new night
She had a dream of a 60 foot devil dancing
Saw a blue sky, open hands
Some got guns, he used life as a weapon
another twilight on the very next ??
An explosive frown, ???

That it definitely holds you hostage
While death he comes so primitive

She gonna go
She gonna seek and destroy
She gonna split
With the whole damn scene
Make a run, cause some rebellion
Hustle some cash with the danger eyes
[repeat]

Danger eyes
(I know)
Danger eyes
(she go)
Danger eyes
(she's got danger eyes)
Danger eyes
(I know)
Danger eyes
(she's got the dangerous eyes)
