Ghetto box talkin' (time for the back streets)
Cocaine's rockin' (time for the back streets)
not finished talkin' (time for the back streets)
Rancid punx ain't stoppin' (time for the back streets)

hey, Let go of my hand
I don't understand
Street lights comin' through
Time for the back streets with you!

Cadillac rollin' (time for the back streets)
Police are patrolin' (time for the back streets)
Are we safe where we're goin' (Time for the back streets)
Mississippi highway (time for the back streets)
Ripped a man apart with a K-9 unit
Nazi cops fuck you!
Time for the backstreets with you.

My Ghetto Box talkin' (time for the backstreets)
Cocaine's rockin' (time for the backstreets)
now the four were stalkin' (time for the backstreets)
rancid PUNX ain't stopin!!! (time for the back streets)

Let go of my hand
I don't understand
Street lights comin' through
Time for the back streets with you!
