Everybody said we gotta take a chance and
Tell them what the hell went wrong we
Only listened to the words that we sang
Now a million are singing along

Last one
We got it right you got wrong we're still
Around Last One To Die
We're goin up you're goin down
We're still around Last One To Die

The ones that have counted us out regret that
They picked a fight we sit on the top
Of the world and we prove it here every night
We sit on top of the world
And were proving it every night

Last one
We got it right you got wrong we're still
Around Last One To Die
We're goin up you're goin down
We're still around Last One To Die

Through the storms and the gigs and the good
And the bad there ain't no doubt we knew
From the very first show what it was all about

Last one
We got it right you got wrong we're still
Around Last One To Die
We're goin up you're goin down
We're still around Last One To Die

Last One To Die
Last One To Die
Come on
Come on
Come on
Last One To Die
Come on
Come on
Come on
