Always outnumbered, never outgunned  
Rolling to Alabama  
Performing a hen  
It's a same place to feed him  
What a company keeps  
You stand by  
To a land  
How is Zimbabwe  
Back street to creep  
Always outnumbered, never outgunned  
To Canada  
Sharing, Rolling  
North folk blitz me  
Boxing in a TV show  
Nothing to fight to Philadelphia  
When we get every single song like it goes  
Nah nah nah nah nah nah nah  
More to knuckle  
Next is Nashvill  
Take to forty to Memphis to sea  
Clubs and truck house  
Take in NAFTA  
Middle rock is flaring  
Boston, baby sweet  
Always outnumbered never outgunned  
We beg and say hello to anyone  
Always outnumbered never outgunned  
We don't back down to no one , no fear, no more  
Always outnumbered never outgunned
