That's not clear, what's this for, where or when was the  
liquor store  
Stuck it in some fucked up kid ,stayin here and not  
musclein'  
i seem to spray paint,jet spray on the brick wall  
an' i always remember how he said Lonely no More!  
I say...That's only entertainment (x3)

Sometimes you need something , need to turn it off  
I went to college, I'm no proper knowledge  
I've seen the spray paint jet spray on the brick wall  
I'll always remember how he said...Lonely no more!!  
i say...That's only entertainment (x3)

Said liquor stores fucked the American prices  
I said time never stopped, stopped in front of me  
he shared 3 pieces of wisdom  
I'll always remember how he said  
lonely no more  
i said...That's only entertainment (x5)  
I say...That's only entertainment dope
