That's not clear, what's this for, where or when was the
liquor store
Stuck it in some fucked up kid ,stayin here and not
musclein'
i seem to spray paint,jet spray on the brick wall
an' i always remember how he said Lonely no More!
I say...That's only entertainment
I say...That's only entertainment
I say...That's only entertainment

Sometimes you need something , need to turn it off
I went to college, I'm no proper knowledge
I've seen the spray paint jet spray on the brick wall
I'll always remember how he said...Lonely no more!!
i say...That's only entertainment
I say...That's only entertainment
I say...That's only entertainment

said liquor stores fucked the American prices
I said time never stopped, stopped in front of me
he shared 3 pieces of wisdom
I'll always remember how he said
lonely no more
i said...That's only entertainment
I say...That's only entertainment
I say...That's only entertainment
I say...That's only entertainment
I say...That's only entertainment
I say...That's only entertainment dope
