K-k-killer

You have got your stranglers and prowlers in soft shoes

Furniture makers, and carpenters too

Bombers and commandos, all with some lost 'cause

Disgruntled workers, immersed in Veritas

But stealthily, in the land of the free

It's lurking right there most are unaware of

The biggest killer in American history

The biggest killer in American history

The biggest killer in American history

The biggest killer in American history

And God shed his grace on thee

Business institutions, universities

Both are quite the circus when the killer wants his way

I think of Edward Teller and his moribund reprise

Then I look to Nevada and I can't believe my eyes

It's time for him to die

Most cannot remember minutia learned in school

It's not there on the blackboard, it's what they don't tell you

We have got a problem, it starts and ends right here

It can be defeated but you've got to face your fear

We'll join and unite and steady our sight

Then we'll put it right 'cuz it's time to fight

The biggest killer in American history

The biggest killer in American history

The biggest killer in American history

The biggest killer in American history

The biggest killer in American history

The biggest killer in American history

The biggest killer in American history

The biggest killer in American history

And God shed his grace on thee
