Pick me back up just to throw me back down
Apologies too late when you're up against the wall
Compassion heals while duplicity kills

You say that I'm different, you say that I'm different
The only thing different is the way I feel about you
Na na na

You moved up the ladder at a very rapid speed
Oh we moved methodically and calmly
When you got to the top you see enemies

You say that I'm different, you say that I'm different
The only thing different is the way I feel about you
Na na na

If I knew back then what I know now
It would all turn out like this
I'd sit back and I'd watch you squirm

'Cause you say I'm different, you say I'm different
The only thing different is the way I feel about you
Na na na

Na na na
