Blood on the situation
Blood on the street sometimes
You're gonna hit the cold concrete

Ok, let's go!

Bloody Thursday was July 6th
the pigs killed 3 workers
harry bridges grabbed the mic
The city shut down July 6th
The workers, outraged, brigaded a general strike.
The media claimed the commies were taking over
scapegoats write that some of it's true.
3 uncompromising strikes paved the way Minn, Sf, and
Toledo

Blood on the situation
Blood on the street sometimes
You're gonna hit the cold concrete
[x2]

Poor man's pay, rich man's gain,
on the way to the bank, considered escape.
begged for his pay, good hard day's work
Kid didn't have him in a corporate book
Put 'em at bay, Rich man's gain,
Low end job with a dead end escape
Begged for his pay, hard day's work
Kid's no better than his lumpin' buddy

Blood on the situation
Blood on the street sometimes
You're gonna hit the cold concrete
[x2]

Blood on the situation
Blood on the street sometimes
You're gonna hit the cold concrete
[x2]
