(GUITAR SOLO INTRO)

so close to the feeling

so close to the feeling

so close to the feeling
not that he cared very much

simply lost touch with his family

gone too long a while

the house of the child fell empty

now he's gone too far to ever come back

he just does not care for the quality

he lacks
he is so close to the feeling

so close to the feeling

just one step away
once down the open road

he could put some ground behind him

now he knows, and he can't be told

with only the wind to remind him

about his world - the way it was before

when he left it all behind for not very much and nothing
more
he is so close to the feeling

so close to the feeling

just one step away

now he has nothing left
but one thing he carries
love and forgive the rest
free from hurt and worry
now he doesn't care for what he couldn't save
'cause he had it all once
and he gave it all - away
just to be so close to the feeling
so close to the feeling
so close to the feeling
just one step away
