Don't make me!

Cruising down the highway on a family vacation  
65 miles til we reach our destination

Don't make me turn this car around  
Don't make me turn this car around  
Don't hit your brother, don't upset your mother  
Don't make me turn this car around

Don't make me!

Drive through McDonalds, dollar menu combination  
Drown out the kids with talk radio station

Don't make me turn this car around  
Don't make me turn this car around  
Don't hit your brother, don't upset your mother  
Don't make me turn this car around
