House Renovation!
I can't take it, I can't make it
I'm breaking down the walls!
I can't take it, I won't make it
I got a couple loose screws!
I can't take it, I can't make it

I'm gonna smash it
I'm gonna break it
And I told ya that I really can't take it

Renovation, Renovation!
Renovation, Renovation!

House renovation!
I can't take it, I can't make it
Something's wrong upstairs
I can't take it, I won't make it
I'm losing my foundation
I can't take it, I can't make it

I can't nail it
I can't finish it
And I told ya that I really am through with it

Renovation, Renovation!
Renovation, Renovation!
Renovation, Renovation!
Renovation, Renovation!
