My daughter came in late again  
It's 2am, where ya been?

I was just hanging out with a bunch of my friends

Your mother couldn't sleep at all  
And all you had to do was call  
How could you think that we could ever trust you

I just wanna hang out with my friends  
NO WAY!

I just wanna go to the mall  
NO WAY!

Can I borrow 20 dollars?  
NO WAY!

I hate you  
OK!

Now you're grounded for a week  
So all you'll do it eat and sleep

That's not fair, I had plans with what's his name

You can tell what's his name  
Forget about the weekend  
I'm not mad, just disappointed

Can I go out with what's his name?  
NO WAY!

We're just going to the movies  
NO WAY!

I think you'd really like him  
NO WAY!

You're ruining my life!  
OK!
