When I was your age!

When I was your age!

When I was your age!

When I was your age!

I had 5 jobs grown' up

Like a lemonade stand and a paper route

Put all my money in a cup

And save it up for lots of stuff

Still I didn't really have enough

So I washed some cars and cleaned some trucks

I never get to do what I want

Well, that's just life

When I was your age!

(You don't know what it was like)

When I was your age!

(You don't know what it was like)

When I was your age!

(You don't know what it was like)

When I was your age!

I had to walk 5 miles, up hill, in the snow

You will never know how that feels, never!

Don't interrupt when I talk

Who do you think pays the bills?

Money doesn't grow on trees

That's not life!

When I was your age!

(You don't know what it was like)

When I was your age!

(You don't know what it was like)

When I was your age!

(You don't know what it was like)

When I was your age!

When I was your age!

When I was your age!

When I was your age!

When I was your age!
