Oh lord, don't set my fields on fire  
Oh god, don't kindle your wrath against me  
Against me  
I know you feast on fire  
I got a wife; i got a family in those fields  
I believe in my mother's religion  
And i will, and i will change  
We go to church, we go to church on Sunday  
And we're back drinking, drinking on Monday  
We got by in the past.  
But what about tomorrow  
Oh lord i got a life in those fields  
Don't set my fields  
Don't set my fields on fire  
With my anointing waits,  
It waits in those fields  
And if it was true yesterday  
Then it's true today  
Today  
Oh lord, don't set my fields on fire  
Oh god, give me one more day
