Matter of fact,
you're on the right track,
my future looks black and blue.

Didn't take long,
to see I was wrong,
I still got it strong for you.

I'll come runnin' yeah, (I'll come running yeah)
if you want me to, (if you want me to)
I'll come runnin' yeah, (I'll come running yeah)
because i'm done in yeah,
without you.

I'd give my last shirt,
to take back the words,
that brought all that hurt upon us.

Both made mistakes,
had some bad breaks,
we got what it takes to go on.

I'll come runnin' yeah, (I'll come running, yeah)
if you want me to, (if you want me to)
I'll come runnin' yeah, (I'll come running, yeah)
because i'm done in yeah,
without you.

I'll come runnin' yeah, (ill come running, yeah)
if you want me to, (if you want me to)
I'll come runnin' yeah, (ill come running, yeah)
because i'm done in yeah,
without you,
without you.
