I've been dreaming my whole life
Let me tell you
I'm sick of dreaming
Been dreaming my whole life
Been dreaming my life away
You know it never got me nothing
While I'm pushing the mop
With one eye on the clock yeah
Been dreaming my life away
Sick of dreaming
Been dreaming my life
You know it never got me nothing
No where
I'm going to get a place
A place down by the ocean
Going to get me a big car
Going to drive it down to the ocean
Going to drive it down by the ocean
Sick of dreaming
Sick of dreaming
Sick of dreaming my whole life away
I want it now
I said I want it now
Sick of dreaming
It never got me nothing
