*[It took the people, at least here in Sweden, about two years to turn what used to be luxury into a way of life. Suddenly nothing will be the same again and no one can ever picture himself without one. Well baby, pick up the phone. ]*

Addicts of communication  
Addicts of communication  
Addicts of communication,  
I need to communicate with you

090-45776 -- Useless  
Hey baby pick up the phone I know that you're home -  
Useless  
You know I don't like talking to your answering-machine  
- Useless  
Well can I send you an e-mail, let you know how I feel -  
Useless

We're the useless generation  
In this world of information  
We're the - useless - generation,  
Baby pick up the phone

Addicts of communication  
Addicts of communication  
Addicts of communication

I need to communicate, hello!

Well nothing, I'm just watching T.V. - Useless  
Looking for something so shallow that it's worth to see -  
Useless  
They're making belgian waffels in the U.S.A. - Useless  
A buddy from the internet told me that the other day -  
Useless

We're the useless generation  
In this world of information  
We're the - useless - generation,  
Baby pick up the phone

Addicts of communication  
Addicts of communication  
Addicts of communication,  
I need to communicate - with you  
Addicts of communication - oh! pick up the phone  
Addicts of communication - Oh! baby, baby, please  
Addicts of communication,  
I need to communicate with you  
I need to communicate with you  
I need to communicate  
But it's useless
