i'm fucking pissed man i can't take it  
they built a safetynet and now you want to break it  
you always been so scared but now you're weak too  
so fuck you fuck you

you claim you are one in a million but you're a million to  
one  
you say you just getting started i say you're already  
done

i had enough man i'm sick of faking  
if the system had a neck you know i gladly break it  
you started with nothing but now you lost that too  
so fuck you fuck you

you got one eye open but you claim that you sleep  
you say you're not involved but you're in knee deep

you play dirty  
dirty and cheap  
if it's evil you sow it's evil you reap

i'm fucking pissed man i can't take it  
you had it going on but you choose to forsake it  
you sold the little we had and now you are selling us  
too  
so fuck you fuck you  
you tore down the walls  
had us settling with less  
you sold us out behind our backs and left us this mess

you play dirty  
dirty and cheap  
if it's evil you sow it's evil you reap

you started with nothing but you will end up with less  
you sold us out behind our back and left us this mess  
if it's evil you sow it's evil you reap  
you got one eye open but you claim that you sleep

you play dirty  
dirty and cheap

if it's evil you sow it's evil you reap
