I promised myself that I won't be afraid
I promised myself that I will be brave
And when the time comes I will know what to do
At least I will try my best, hope the same goes for you

It's been harder times than this
And it's been better
As sure as the April weather shifts
The pigs are getting fatter, fatter, yeah, fatter

Never before, I've I felt so alive
I'm coming in from the darkness
Never before, I've I felt so alive
'Cos I'm stepping out, out in the blue

I promise myself that I will be strong
And that I will be honest and admit when I'm wrong
I promised myself that I will stand tall
And with my back straight, watch your empire fall

There's been harder times than this
And there's been better
As sure as the April weather shifts
The pigs are getting fatter, fatter, fatter, fatter, fatter

Never before I've I felt so alive
I'm coming in from the darkness
Never before I've I felt so alive
Stepping out in the blue

Never before, I've I felt so alive
I'm coming in from the darkness
Never before, I've I felt so alive
'Cos I'm stepping out, out in the blue

Stepping out, out in the blue
Yeah, you heard me
I'm stepping out, out in the blue

Oh sweet baby, I'm stepping out, out in the blue
Oh I'm stepping, stepping out, out in the blue
Oh yeah, I'm stepping out, out in the blue

Oh baby, oh I'm getting out of there, out in the blue

Stepping out, out in the blue

I'm stepping, stepping, stepping out
