Johnny Depp, you're deep  
I'd like to watch you when you sleep  
And smell the shirt in which you slept  
Johnny Depp

Johnny Depp, you're hip  
I'd like to bite your lower lip  
And scrunch your Edward Scissor-hair  
Johnny bear

You've got tattoos, one said "Winona", I know  
But you broke up with her, and now it just says  
"Wino"

Johnny Depp, you're cruel  
You're the harbinger of drool  
Mow my lawn without a shirt  
Johnny dirt

John A, John B, John C, John D, John EEEEEEE

Well, you like girls with foreign accents, tiny waists,  
I'm not a waif,  
but I could love you more than you would Probably  
deserve...

Johnny Depp, you're the bomb  
If you'd come to meet my mom  
I'd cry a single, salty tear  
Johnny dear

John A, John B, John C, John D, John EEEEEEE
