You've made my soul a burning fire
You're getting to be my one desire
You're getting to be all that matters to me
And let me tell you, boy
I hope and pray each day I live

A little more love I'll have to give
A little more love that's devoted and true
'Cause all I do is think about you
All I do is think about you

Baby, just suppose if I should
Happen to cross your mind
And by some chance a girl like me
That you've been trying to find

Let me tell you, boy
Think how exciting it would be
If you should discover you feel like me
If you should discover this dream is for two
Let me tell you now

I light a candle every day
And pray you'll always feel this way
And pray that our love will forever be new
'Cause all I do is think about you

I light a candle every day
And pray you'll always feel this way
And pray that our love will forever be new

If I cannot have you for my own
I'd rather be lonely and all alone
I'd rather keep thinking the way I do
'Cause all I do is think about you
