Can't we talk a while
It's been some time since I've
Seen you break a smile the way you used to
What ever happend to
The boy that I once knew
Acting up breaking the rules forever

Is there no mystery
A magic place for us to be
The so far away where only we belong
Did they steal your dreams from you
You know I will pull you through
And maybe love will help us to begin

To free the child within
To free the child within

What happened dreaming man
Is there a change of plan
Have you dreamed all you can
If not you should do
No matter what they say
They'll never take away
The burning flame will always stay inside you

So spread your wings and fly
And let the angels in your sky
Guide you through the clouds and with your eyes
You will see the waters clear
They will wash away your fear
Alle so open up your heart and let me in

To free the child within
To free the child within
To free the child within
To free the child within

Is there no mystery
A magic place for us to be
Free so far away where only we belong
Did they steal your dreams from you

The you know I will pull you through
And maybe love will help us to begin
Maybe love will help us to begin

To free the child within
To free the child within
To free the child within
To free the child within
To free the child within
To free the child within
To free the child within
