One dream in my life one hand in mine that what I've  
waited for  
Two dreamin as one love has begun promisin so much  
more  
Noone else can see that you're built up all to me

I love you higher than anyone can count no end of the  
amount  
Of love I add and you inspire what love is all about  
No shadow with a doubt - I love you

Three kisses from you, that's when I knew heaven was  
on my side  
For-ever we are two seperate stars sharin a common  
light  
If I am the price you're the winner in my eyes

I love you higher than anyone can count no end of the  
amount  
A love I am and you inspire what love is all about  
Hey I can't live without your love

Are you feelin what I'm feelin it's the strength and the  
power of love  
You can always count on me cause lovin you comes  
easily

I love you higher than anyone can count no end of the  
amount  
Of love I add and you inspire what love is all about...
