In my dreams  
We stand in the moonlight  
He looks into my eyes  
And tells me that he'll stay

One more night  
We spend it together  
Pretend it's forever  
Well it doesn't work that way

Chorus  
In real life  
People say one thing  
Then they'll do another  
In real life  
They'll break the tender heart  
Of an innocent lover  
Now and then  
No big surprise  
Happens all the time  
In real life

There you go  
Doesn't he need me?  
How can he need me?  
Was he ever really there

Feel so cold  
Ooh what a shame now  
There's no one to blame now  
It's the world that is unfair

Chorus  
In real life  
People say one thing  
Then they'll do another  
In real life  
They'll break the tender heart  
Of an innocent lover  
Now and then  
No big surprise

Happens all the time  
In real life

Why can't I learn my lesson  
Must be a little bit slow  
I guess I'll always be  
The first to cry  
But last to know

Chorus  
In real life  
People say one thing  
Then they'll do another  
In real life  
They'll break the tender heart  
Of an innocent lover  
Now and then  
No big surprise  
Happens all the time  
In real life

(Repeat until fade)
