You're not the one for me, I'm not for you.
We'd never make it.
Way too many differences, to begin to make it through.
I love you anyway, you love me, too.
Now we're in trouble.
Common sense says call it off.
It's the safest thing to do.

Tell it to your heart, and let your heart decide.
To say goodbye.
Go tell your lot to let love go,
it's love its after, love we're after.

If I know anything, this much is true, it never changes.
Love is gonna have its way, doesn't matter what we do.
So, if you feel the same, let's try our best.
We'll take our chances.
Ride this river to the sea,
and see how far we get.
Tell it to your heart.
And let your heart decide, to say goodbye.
Go tell your lot, to let love go.
It's love its after, love we're after.

Doesn't matter what you think,
not compared to how you feel.
Tell it to your heart, and let your heart decide, to say
goodbye.
Go tell your heart, to let love go, it's love its after.
Tell it to your heart, and let your heart decide, to say
goodbye.
Go tell your heart, to let love go, it's love its after.
Go on and tell it to your heart.
And let your heart decide, to say goodbye.
Go tell your heart...
