"Let Me"

Nothing can change my life at all
You were the only one I thought
You, you made me happiest man
I, I couldn't understand
If I could turn back time I would.

Chorus:
Baby let me love you twice
Baby let me paint your life
I'm gonna believe, I'm gonna succeed
In anything you need
Baby let me love you twice.

Don't you cry me say goodbye
Please just grace me one more time
When you jump I jump with you
When you fall I'm falling too
There is nothing I can do
'Cause you would do it to me too.

Baby let me love you twice.

Baby let me love you twice
Baby let me paint your life
I'm gonna believe, I'm gonna succeed
In anything you need
Baby let me love you twice.

I pray for this
