Darlin' you've been feelin' so bad
It's the worst you've ever had
I feel it too I know it's true I feel for you
And I feel your pain I feel the same
Every single day
I know it's true I feel it too I feel for you
I want to make you feel better
I know that I can
I want to amke you feel better
Baby I'm your man
I watch you sleep
I pray The Lord our souls to keep
I now it's true I pray for you I feel it too
Take a breath
Hold on
Close your eyes
Let it all be gone
I know it's true I dream for you I dream it too
I'll write you love letters
I'll sing you love songs
I'll make you feel better
Beautiful and strong
