Heaven is my home  
Heaven is my home  
Now this sweet world is precious to me

I have traveled down this road before  
On a journey for a friend  
Been away but now I'm back for more  
Goin' down this road again

You know he answers every prayer  
But you better do your part  
Spirits all around you everywhere  
But you gotta open up your heart  
You gotta open up your heart

You're alone when you come in this world  
You're alone when you go  
And it doesn't matter who you are  
It doesn't matter who you know

Keep on listening for that quiet voice  
That's the way to start  
The door is open but you have a choice  
You've got to open up your heart  
You've gotta open up your heart

Oh this world is dear to me  
But Heaven is my home  
This is where I long to be  
But Heaven is my home

When your life seems gloomy  
Teardrops start to fall  
Send the word back to me  
And I'll be there when you call

I've been down this road before  
But Heaven is my home  
And I'm comin' back (yeah) (in the morn?)  
Heaven is my home  
Heaven is my home
