It's a jungle out there
Disorder and confusion everywhere
No one seems to care, well I do
Hey, who's in charge here?

It's a jungle out there
Poison in the very air we breath
You know what's in the water that you drink
Well I do, and it's a-mazing
People think I'm crazy

They worry all the time
You'd pay attention you'd be worried too

You'd better pay attention
Or this world we love so much
Might just kill you

I could be wrong now
But I don't so
Cause it's a jungle out there
It's a jungle out there
