Your lips could be my lipstick
I just wanna check check
Out your microphone
Out your microphone

Let's push up the volume
I'd look so good on you
Wanna take you home
U wanna take me home

Is this thing on
What you wanna do
If you come along
You'll see what I can do
With the microphone
When we are alone
When we are alone

CHORUS:

Let's see what happens when the lights go down
I know them tricks that'll make you scream out loud
Let's find a place where we can lose this crowd
Would you like me to sing you a song
Gimme a - a microphone, your microphone
It's just you, me & the microphone

I'm sending signals, you're receiving
Tonight I won't be sleeping
Are you gonna come
Are you gonna come

You won't get no feedback
Hungry wanna feed that
Oh - oh - oh
Check 1 - 2

Is this thing on
What you wanna do
If you come along
You'll see what I can do
With the microphone

When we are alone
Don't you wanna know - know - know

CHORUS

Let's skip all the metaphors
What you wanna do
What you wanna do

CHORUS
