I need a new distraction
passing are the days
and i see now that im
fading like the sun on the window sil
some things never change
but i kno i will
and im looking for a new direction
blame it on a place where i
keep my questions
had enough so long
can i ask you why
all i know is indecision

but in this life
i find
that there is time enough to take it
and in this life
i find
that there is time enough to waste it
on these endless conversations

and i just had to write it down and tell you
send it in a letter
tell you now
that i have
raided every page in your history
and ive thought about what life could be for me

and im lookin for a new solution
there are some things that i do get used to
wont you say it if you can
if you care for me
tell me how it is
would you talk to me

in this life
ill find
that there is time enough to take it
and in this life
ill find
that there is time enough to waste it
on these endless conversations

uh no no
uh no no
uh no no
eh eh ehe heheh

uh no no
uh no no
uh no no
eh eh ehe heheh

(guitar solo)

in this life
ill find
that there is time enough to take it
and in this life
ill find
that there is time enough to waste it
on these endless conversations
