When you came downstairs  
The room was on fire  
And the smoke ran away  
But the fire just stayed  
And it burned in your eyes

And we both walk  
Through sight and through sound  
You know you're welcome to ask me  
But you know exactly what it is that I want

We're two of a kind  
Two on the same side

Little by little, don't we all break down?  
And what you don't fight to keep  
Runs away in your sleep  
Or just gets lost in the crowd

And the time that we wasted  
Keeping the rain off the ground  
It's just the battles we fought  
When we were younger at heart  
Seems so strange to me now

We're two of a kind  
Two on the same side  
Two of the same mind  
We're the same kind

And all of the roads I know I go, I go alone  
But we share the weight of what we need  
When it may seem too hard to find

We're two of a kind  
Two on the same side  
Two of the same mind  
We're the same kind
