Well I knew I had to have her so I sent off in the mail  
I saw her picture in that magazine  
And when the postman brought her, I thrilled as I blew  
up  
The prettiest plastic girl you'd ever seen

I called the new girl Wendy and Wendy blew my mind  
Figured that I'd keep her around  
Her plug kept her inflated and when I had it in  
But when I pulled it out she'd go down

Chorus:

She's a life sized, wife sized, full grown blow up plastic  
girl, nothin's missin'  
Yeah she never had a headache, she ain't got bad  
breath when we're kissin'  
Yeah she's there when you need her, she's more than  
just a friend  
And her skin is as smooth as a pearl  
She's a life sized, wife sized, full grown blow up plastic  
girl  
Well I didn't tell nobody except my best friend Earl  
You can't trust just anyone you see  
When I'd come home late at night all tired from makin'  
pizzas  
Wendy, she'd be waitin' there for me

One night I came home anxious with Wendy on my  
mind  
And it broke my heart in two when I walked in  
And I found the one I'd always thought would always be  
just mine  
Layin' there with Earl my best friend

Chorus

I never dreamed that Wendy would be the cheatin' kind  
I never figured Earl would let me down  
But you don't know what can happen in these modern  
mixed up times  
Cause there's a lot of wierdos runnin' round
