If anyone asks I'm broke down  
Or maybe I'm just out of town  
You can say I'm anywhere but where I am  
If anyone asks don't lead 'em on  
That anything is even wrong  
Do that if you can

'Cause no one needs to know  
We finally hit the end  
You left the door wide open  
And I locked myself in

Until I find a way to get my story straight  
Girl, I never dreamed that I would see the day  
That you were by my side and I would have to hide  
'Cause there's nothing I could say, if anyone asks

If anyone asks, I hold you tight  
Each and every night  
For all they know you won't let go and I'm still there  
If anyone asks don't say a thing  
Just let that phone ring  
If you answer now it won't be fair

'Cause no one needs to know  
I gave you my best  
You can tell them the truth  
And make up the rest

Until I find a way to get my story straight  
Girl, I never dreamed that I would see the day  
That you were by my side and I would have to hide  
'Cause there's nothing I could say, if anyone asks

Well, I've been starin' at myself  
Tryin' to catch my breath  
The part that I can't figure out  
Is all that I have left

Until I find a way to get my story straight  
Girl, I never dreamed that I would see the day  
That you were by my side and I would have to hide

'Cause there's nothing I could say, if anyone asks  
If anyone asks
