Well, you showed up looking just like I remember
Just like I knew you would
Worried if my heart was breaking just like it should
Working hard on your good time, showing off your new
life
To God and everyone in this bar
I'll leave it to you, baby, you always had to be the star

But I've got the road less traveled, my dreams
unraveled
A broken heart that suits me fine
Yeah, my load's a little lighter from a string of all-
nighters
A bottle for killin' time
Honey, you start over your way, yeah, and I'll start over
mine

If you're here to make amends, I'll let you rub it in
But I'm not gonna play the fool
Yeah, 'cause even if the rumors were true, I could
never tell you

'Cause I've got the road less traveled, my dreams
unraveled
A broken heart that suits me fine
Yeah, my load's a little lighter from a string of all-
nighters
A bottle for killin' time
Honey, you start over your way, yeah, and I'll start over
mine

Well, you quit on me but baby, I don't give up easy
Yeah, well, I might look fine but looks can be deceiving

'Cause I've got the road less traveled, my dreams
unraveled
A broken heart that suits me fine
Yeah, my load's a little lighter from a string of all-
nighters
A bottle for killin' time
Honey, you start over your way, I said, you start over
your way

Honey, you start over your way, yeah, and I'll start over
mine
