Work and work and work and work
Work and work and work and work
Work and work and work and work
You gotta work, You gotta work (repeat)

Friends'I try to put you down
Go for it - go for it
When you wanna go to town
Go for it - go for it
But if you wanna sing this song
Go for it - go for it
You gotta work out all night long

You gotta go for it against the opposition
Go for it if you wanna win the race
Go for it it's really your decision
Go for it you've gotta set the pace

Now you can choose the lazy way
Go for it - go for it
You can boogie all night and sleep all day
Go for it - go for it
But the best in life don't come free
Go for it - go for it
So let work be your philosophy

You gotta go for it against the opposition
Go for it if you wanna win the race
Go for it it's really your decision
Go for it you've gotta set the pace

For inspiration we all need a mama and a papa
'Cause to find a reason not to work is easier than
harder

Go for it against the opposition
Go for it if you wanna win the race
Go for it it's really your decision
Go for it you've gotta set the pace and work

Work and work and work and work

Work and work and work and work
Work and work and work and work
You gotta work, You Gotta Work
(Repeat)
