There's gonna be a celebration
We can see our ships come in
Though we met some competition on the way
It was tiring it was testing
It was almost never ending
But we all pulled through and won the accolades

Now that we've made it, we've made it to the top
Now that we've made it, we ain't never gonna stop
Now that we've made it, we've made it to the top
Now that we've made it, we ain't never gonna stop

We've made some friends along the way
We've made some friends and we made the people
happy
When we came in number one
And so we've reached the finish
All the races we have won

It's been a long and lonely battle
And we lost some along the way
But the time has come to hold our heads up high
We had to beat'em and defeat'em
But we never had to cheat'em
We're the champions who've made it all the way

Now that we've made it, we've made it to the top
Now that we've made it, we ain't never gonna stop
Now that we've made it, we've made it to the top
Now that we've made it, we ain't never gonna stop

We've made some friends along the way
We've made some friends and we made the people
happy
When we came in number one
And so we've reached the finish
All the races we have won

Now that we've made it, we've made it to the top
Now that we've made it, we ain't never gonna stop
Now that we've made it, we've made it to the top

Now that we've made it, we ain't never gonna stop
