Even when the rain falls  
Even when the flood starts rising  
Even when the storm comes  
I am washed by the water

Daddy was a preacher  
She was his wife  
Just tryin to make the world a little better  
You know, shine a light  
People started talking  
Trying to hear their own voice  
Those people tried to accuse my father

Said he made the wrong choice  
Though it might be painful  
You know that time will always tell  
Those people have long since gone  
My father never failed

Even if the Earth crumbles under my feet  
Even if the ones I love turn around and crucify me  
I won't never ever let you down  
I won't fall  
I won't fall  
I won't fall as long as you're around me
