She left me there
I'm wonderin what I'ma do now
She dropped me on the side of a cold cold road
On a rainy day

Well...

And I called 3 times
Feels like she erased me in no time
How could you forget somebody
That you loved one day

[Chorus]

I don't wanna cry now, I don't wanna miss her
I don't wanna hate her but I can't forgive her
?You took my heart and made it bad to love again?
Love again, love again, love again

I don't wanna get mad when I see your picture
I don't wanna think about you, wish I could forget her
?You took my heart and made it bad to love again?
Love again, love again, love again

You promised us
?Said that you would fly till the world stops?
Well it keeps on spinning
And you drove away
So you lied to me
Everything you said was a fairytale
In this world of wishful thinking
You're the wishing well

Well...

(I don't wish you well)

[Chorus]

I don't wanna cry now, I don't wanna miss her
I don't wanna hate her but I can't forgive her
?You took my heart and made it bad to love again?
Love again, love again, love again

I don't wanna get mad when I see your picture
I don't wanna think about you, wish I could forget her
?You took my heart and made it bad to love again?
Love again, love again, love again

[Chorus] (Repeat until end)

I don't wanna cry now, I don't wanna miss her
I don't wanna hate her but I can't forgive her
?You took my heart and made it bad to love again?
Love again, love again, love again

I don't wanna get mad when I see your picture
I don't wanna think about you, wish I could forget her
?You took my heart and made it bad to love again?
Love again, love again, love again
